Novice to Intermediate Sunday 11:30

Two workshops which were scheduled to be taught by Steve Miklos (who will be unable to come after all due to illness) are still being offered, but by two different instructors and with slightly different descriptions and content:

22. Noodling (And A Way To Remember It) *Norm Williams*

Have you ever played something and thought, “I wish I could remember that!” Take a few minutes and let yourself go with your MD. If you hear something you like (and you will) learn how to write it down to remember and develop it into a theme. Knowledge of TAB not needed - we’ll learn it. DAD
Novice/Intermediate Friday 4:15

12. A Few Good Songs *Lori Keddell*

In this workshop for relatively new players we’ll explore a few good songs (mostly traditional American folk songs). As we play together, we’ll try a few of the dulcimer tricks that help you to play along even if you don’t know the song. DAD Beginner/Novice Sunday 10:15
